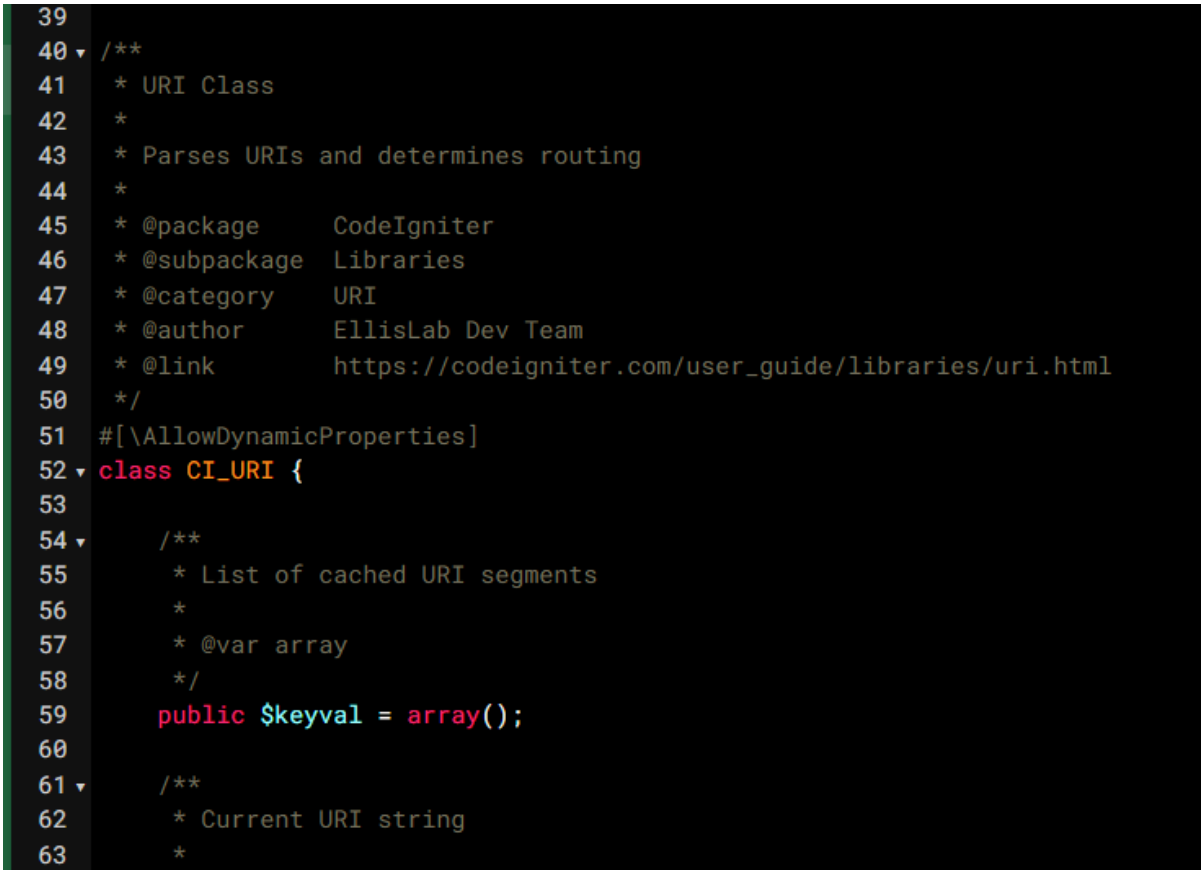
Fix Severity: 8192 Message: Creation of dynamic property CI_URI::$config is deprecated CodeIgniter

adalah masalah yang sering terjadi jika aplikasi menggunakan CI yang sudah tidak kompetible dengan versi PHP terbaru. Cara mengataasinya dengan dengan cara menambahkan code:

[\AllowDynamicProperties]

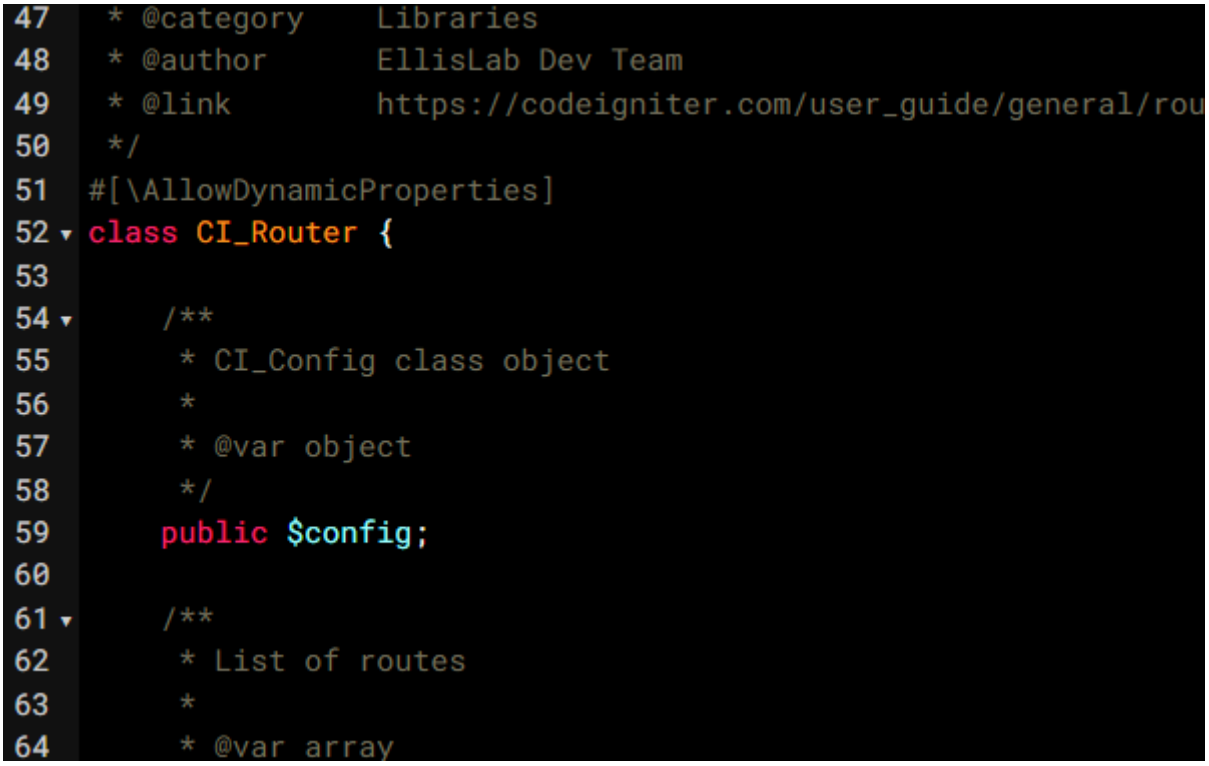
1. Folder /system/core/

pada file **URI.php ->** di atas class CI_URL {

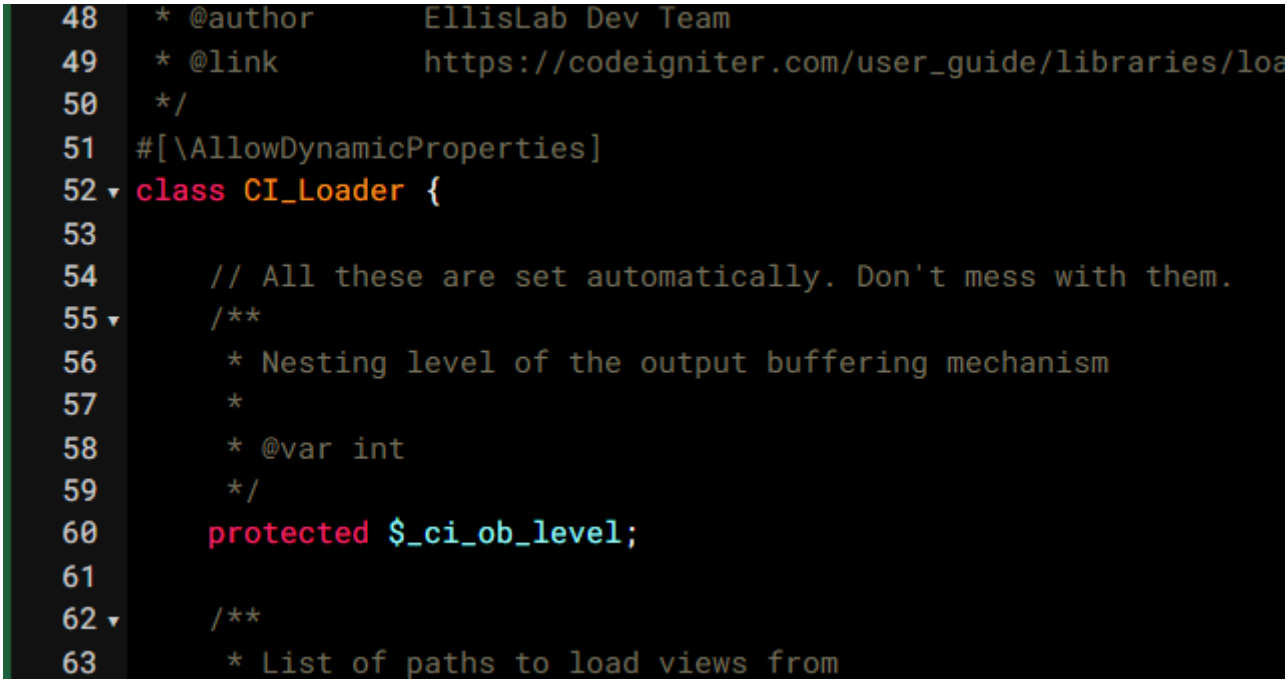


```
39
40  /**
41   * URI Class
42   *
43   * Parses URIs and determines routing
44   *
45   * @package     CodeIgniter
46   * @subpackage  Libraries
47   * @category    URI
48   * @author      EllisLab Dev Team
49   * @link        https://codeigniter.com/user_guide/libraries/uri.html
50   */
51  #[\AllowDynamicProperties]
52  class CI_URI {
53
54      /**
55       * List of cached URI segments
56       *
57       * @var array
58       */
59      public $keyval = array();
60
61      /**
62       * Current URI string
63       *
```

Router.php -> di atas class CI_Router {



Loader.php -> di atas class CI_Loader {



Controller.php -> di atas class CI_Loader {

```
 * @author      EllisLab Dev Team
 * @link        https://codeigniter.com/user_guide/general/cont
 */
#[\AllowDynamicProperties]
class CI_Controller {

    /**
     * Reference to the CI singleton
     *
     * @var object
     */
    private static $instance;

    /**
     * CI_Loader
     *
```

2. Folder /system/database

pada file **DB_driver.php** -> di atas abstract class CI_DB_driver {

```
 * @subpackage  Drivers
 * @category    Database
 * @author      EllisLab Dev Team
 * @link        https://codeigniter.com/user_guide/database/
 */

#[\AllowDynamicProperties]
abstract class CI_DB_driver {

    /**
     * Data Source Name / Connect string
     *
     * @var string
     */
    public $dsn;

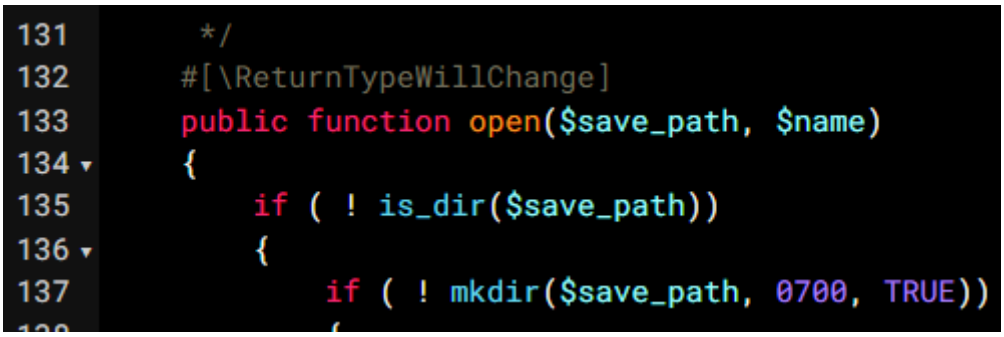
    /**
     * Username
     *
     * @var string
     */
    public $username;
```

[\ReturnTypeWillChange]

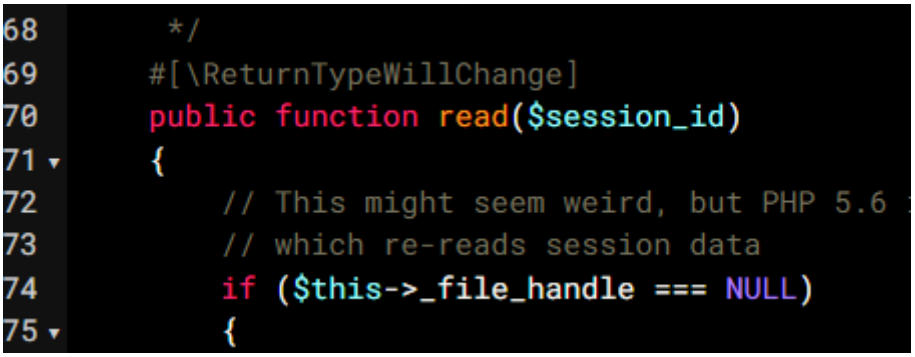
Folder /system/libraries/Session/drivers/

pada file **Session_files_driver.php**

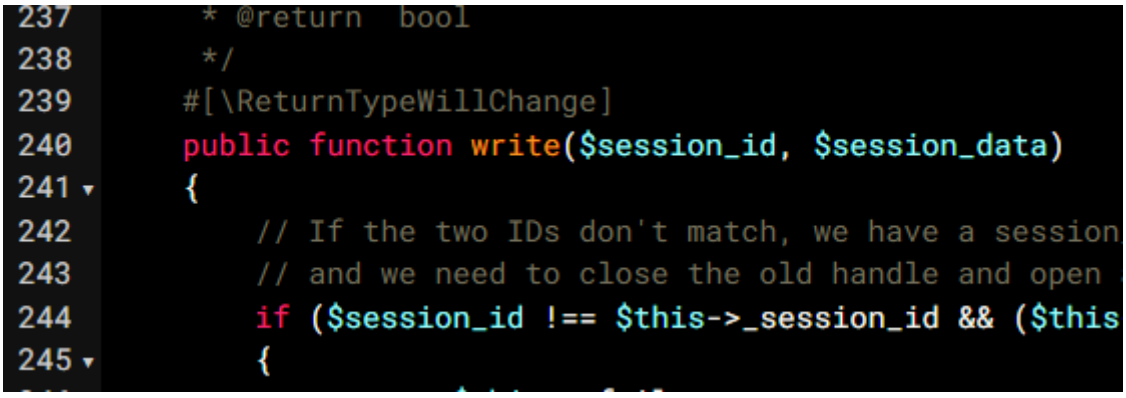
-> di atas public function open($save_path, $name)



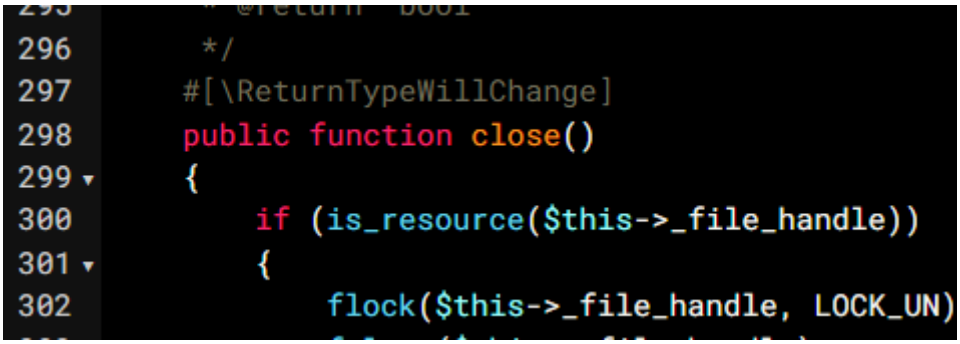
-> di atas public function read($session_id)



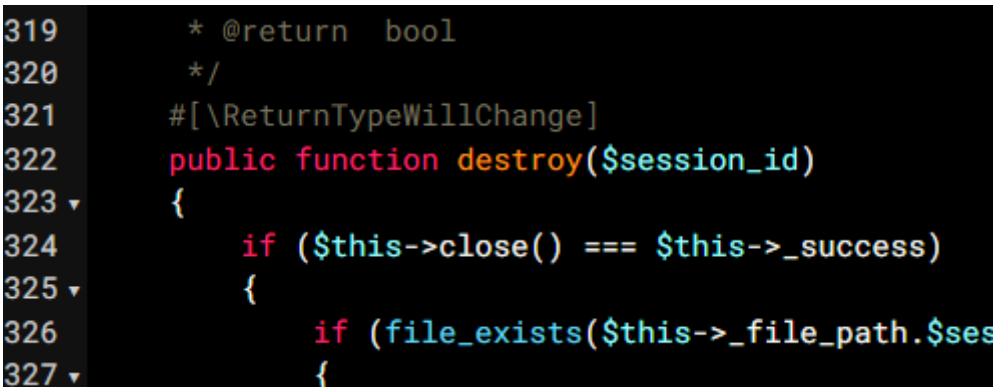
-> di atas public function write($session_id, $session_data)



-> di atas public function close()



-> di atas public function destroy($session_id)



-> di atas public function gc($maxlifetime)
